Excellence in Wellness

Producing genuine, well-balanced pet food that will contribute in a healthy, tasty way to the long life of our animal friends: this is Mr Pet's primary mission. Established in 1995, the company has its roots in the tradition and experience of the Gambarelli family, who have been passing down their knowledge of animal nutrition from generation to generation. Love and passion for their work, but above all for animals, have led Mister Pet to use only ingredients that are highly selected and mostly fresh: meat, fish, fruit, vegetables and medicinal plants are tracked and checked at every stage of processing.

A fifty year long story,
made of love for animals and passion.

In the company's laboratory, Mister Pet applies a scientific approach to its constant commitment to the study of new products and recipes, with the specific expertise of in-house veterinaries and nutritionists who are able to test and check results at every growth stage of the animals.

In our factory, fully owned by the Gambarelli family, we prepare our products with the same care that you would use.

Large quantities, high safety features, plants designed to optimize processing, systematic inspections on lines and samples, national and international certifications (ISO 22000 and IFSFOOD) give consumers a guarantee of total product quality.

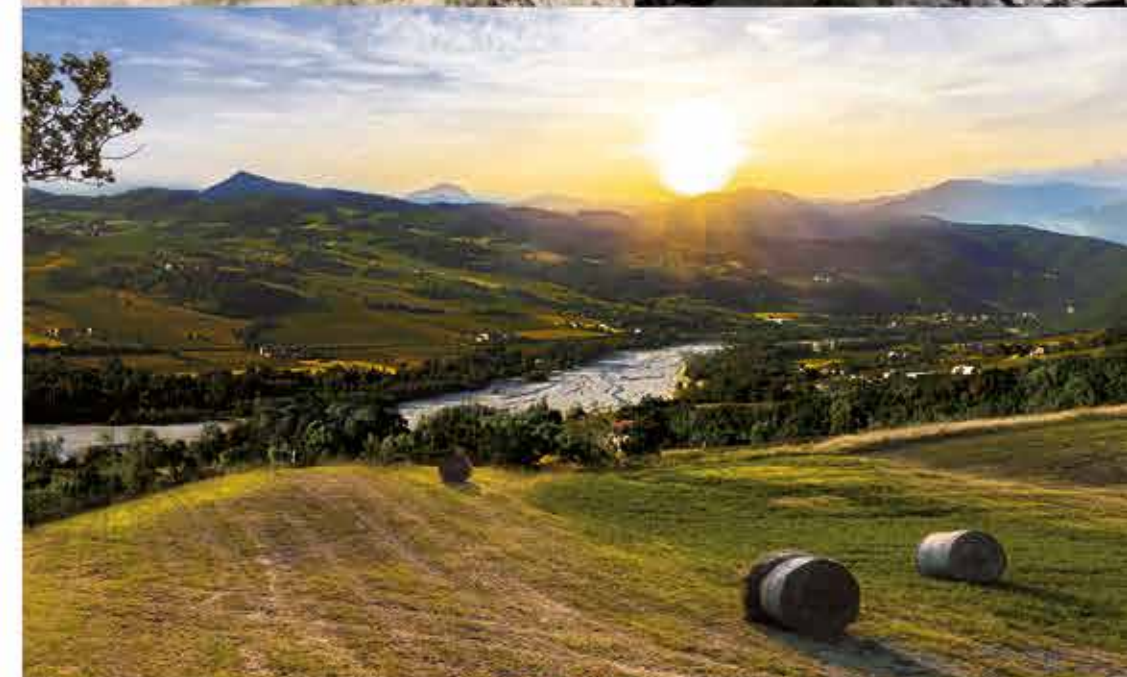

Enzo, Daniele and Fabio Gambarelli
Mister Pet is controlled exclusively by the Gambarelli family, who oversee every strategic division of the company.

We are located on the hills around Parma, an area known as the Italian Food Valley, where the food culture is deeply rooted in the rituals of human experience and in the rituals of nature. Everything in the Food Valley speaks of food and superior quality products that are known and appreciated all over the world.

Lucky to be born
in an area with a
strong focus on food:
the Italian Food Valley

This is where our pet food is created, using the finest ingredients, selected and tracked all along the supply chain, made with the experience of people committed to guarantee quality without compromise.

Mister Pet products are natural, only steam-cooked meat enriched with medicinal herbs, fruit and vegetables, to ensure the correct intake of vitamins required by the nature of your dog or cat.

Primordial

by Mister Pet

GRAIN FREE

The Primordial food line rediscovers and respects dogs and cats' most ancient and natural nutritional instincts. Anatomically carnivores, as demonstrated by their mastication (teeth and jaws) and short intestinal tract, dogs prefer a diet rich in meat (protein) and poor in grains (carbohydrates). Thanks to the absence of grains and a 70% select meat content, the Primordial Grain Free line keeps the glycaemic index low; the 35% fresh meat content guarantees that dogs find it palatable and easy to digest. The contents are steamed to preserve the integrity of the proteins and ensure they can be assimilated.

A food line that respects the ancient and natural nutritional instincts of dogs and cats.

The wide range of meat and fish is chosen on the basis of their biological value and nutritional features as well as on their place of origin. We only use meat from farms that apply ethical principles of humane treatment of animals.

FISHED IN NATURE

**NATURAL
INGREDIENT**

**70%
ANIMAL
ingredients**

FISHED SALMON

35% FRESH MEAT

High-quality fresh meat makes this food highly digestible, and most importantly it preserves all the nutritional benefits, making them readily available and giving the food a very palatable taste.

WHITE MEATS Chicken, Turkey, Duck

Exclusively from ground-raised poultry, this meat is rich in nutrients, protein and fat.

**NATURAL
INGREDIENT**
**70%
ANIMAL
ingredients**

LOW CARB

Selected meats from sustainable hormone-free farms (from countries that prohibit the use of hormones).

RED MEATS Lamb, Buffalo, Deer

Lamb and deer from free-range farms, buffaloes bred and raised in Italy, provide very genuine, protein-rich meat, to give your pet the right energy in a natural way.

FISH Salmon, Tuna, Mackerel, Trout, Herring

Fished in nature with sustainable methods, this high-quality fish is full of protein and Omega 3 fatty acids that will help to keep your dog or cat healthy.

VEGETABLES
herb and fruit

PINEAPPLE, APPLE

Plenty of fruit, an excellent help for the intestine during digestion.

POMEGRANATE, BLACKBERRY, CRANBERRY, BILBERRY, DOG ROSE, ROSEMARY

Rich in vitamins, minerals and antioxidants to fight free radicals.

DANDELION, MILK THISTLE

Medicinal plants that perform a liver protective action.

Holistic Nutrition, Total Protection

LESPEDeza, CRANBERRY, BILBERRY

Thanks to their diuretic properties, they are highly beneficial for the urinary tract.

YUCCA

Rich in mineral salts, it is also effective in reducing the smell of feces and urine.

SEAWEED

A rich source of iodine and mineral salts, it helps the metabolism of pets for increased general wellness.

LOW CARB

GRAIN FREE

Grains are not part of the instinctive nutritional habits of dogs and cats, for this reason all our Primordial range foods are grain free.

Primordial Grain-free reproduce in a natural way the balance and the variety of foods that our animal friends would spontaneously obtain in nature, to creating the total organism's protection.

Primordial Grain-Free: a range of foods containing no grains

The vegetables used are low in carbohydrates and have been selected to keep the glycaemic index constant and offer an adequate balance of foods that will guarantee energy and good health of the animals.

PUPPY CHICKEN SEA FISH

THE ANCESTORS OF DOGS WERE WOLVES,
CARNIVOROUS PREDATORS.
WOLF CUBS FED ON WHAT THE PACK HAD
CAPTURED AND ADAPTED TO A DIET
OF FRESH MEAT AND FISH.

MILK THISTLE - POMEGRANATE - DOG ROSE - PINEAPPLE - ROSEMARY

Primordial Grain-Free Puppy Chicken and Sea fish, is a complete grain-free food, rich in high biological value proteins and with an appropriate amino acid composition. Chicken meat, strictly from ground-raised animals, provides easy-to-digest proteins, with a palatable taste that dogs love. Sea fish, rich in minerals salts, provides easy-to-digest proteins and, like all fish, is rich in Omega 3 fatty acids, which perform an important cosmetic action on skin and hair and highly beneficial for the cardiovascular system (heart and arteries). Fruit and vegetables, rich in vitamins, minerals and phytonutrients; the digestive properties of pineapple, the antioxidant action of pomegranate and dog rose and the liver support effect of milk thistle give this meal the perfect balance of taste and nutrients, a true holistic product that actively contributes to the overall health of dogs.

Complete feed for dogs Puppy. Composition: Fresh sea fish (35%), dehydrated chicken's meat (25%), peas, potatoes, chicken's fats (11%), broad beans, linseed (2%), dried beet pulp, yeast, seaweeds meal (0.3%), dried chicory pulp, Fructo-oligosaccharides FOS (0.2%), yeast product (MOS 0.2%), Mojave Yucca (0.03%), Milk Thistle (Silybum marianum L.) (0.02%), dehydrated pineapple stem (Ananas sativus L.) (0.02%), dehydrated Pomegranate (Punica granatum) (0.02%), Dog Rose dehydrated fruit (Rosa Canina L., Pendulina L.) (0.002), dehydrated Blackberry (Rubus ulmifolius Schott.) (0.0006%), Glucosamine (100 mg/kg), Chondroitin sulphate (50 mg/kg), Rosemary extract. **Nutritional Additives per kg:** 3a672a A Vitamin 22500 UI, D3 Vitamin 1550 UI, 3a700 E Vitamin 190 mg, E4 cupric sulphate pentahydrate 67 mg, E1 ferrous carbonate 70 mg, E5 manganous oxide 88 mg, E6 zinc sulphate monohydrate 211 mg, E2 potassium iodide 5.04 mg, E8 sodium selenite 0.39 mg. **Analytical constituents:** Moisture 8%, Crude Protein 30%, crude oils and fats 19%, crude ash 8%, crude fibres 2.6%.

MINI QUAIL DUCK

THE ANCESTORS OF DOGS WERE WOLVES, CARNIVOROUS PREDATORS THAT LIVED CLOSE TO WATER COURSES AND FED ON FRESH MEAT AND FISH.

MILK THISTLE - POMEGRANATE - APPLE

Primordial Grain-Free Quail and Duck, is a complete grain-free food, rich in high biological value proteins and with an appropriate amino acid composition. Quail meat, a relatively lean, low-calorie protein option for dogs and acts as a natural source of essential vitamins. Quail is also high in phosphorous and iron, which helps support strong muscle development. Duck meat, strictly from ground-raised animals, provides complete proteins, with a palatable taste that dogs love. Fruit and vegetables, rich in vitamins, minerals and phytonutrients; the digestive properties of pineapple, the antioxidant action of pomegranate and dog rose and the liver support effect of milk thistle give this meal the perfect balance of taste and nutrients, a true holistic product that actively contributes to the overall health of dogs.

ADULT WILD BOAR LAMB

THE ANCESTORS OF DOGS WERE WOLVES, CARNIVOROUS PREDATORS THAT LIVED CLOSE TO WATER COURSES AND FED ON FRESH MEAT AND FISH

MILK THISTLE - POMEGRANATE - APPLE

Primordial Grain-Free Wild Boar and Lamb, is a complete grain-free food, rich in high biological value proteins and with an appropriate amino acid composition. Wild boar, very lean and low in cholesterol, high in protein. A good source of monounsaturated fats and zinc. Lamb meat, strictly from free-range animals, provides complete proteins, with a palatable taste that dogs love. Fruit and vegetables, rich in vitamins, minerals and phytonutrients; the digestive properties of pineapple, the antioxidant action of pomegranate and dog rose and the liver support effect of dandelion give this meal the perfect balance of taste and nutrients, a true holistic product that actively contributes to the overall health of dogs.

Complete petfood for small-sized adult dogs. Composition: fresh duck (35%), dehydrated quail proteins (25%), peas, sweet potatoes, chicken fat (10%), broad beans, linseed (2.5%), dried beet pulp, yeasts, seaweeds meal (0.3%), Fructo-oligosaccharides (FOS 0.2%), yeast products (MOS 0.2%), mojave yucca (0.03%), milk thistle seeds (Silybum marianum L.) (0.02%), dehydrated pomegranate rind (Punica granatum) (0.02%), dehydrated apple (Malus pumila) (0.02%), dehydrated dog rose fruit (Rosa Canina L.R., Pendulina L.) (0.002), glucosamine, chondroitin sulphate, rosemary extract. **Nutritional Additives per kg:** 3a672a Vitamin A 21000 UI, 3a671 Vitamin D3 1400 UI, 3a700 Vitamin E (a. r. alpha toc. NATURAL WELLNESS

THE DIET OF CATS INCLUDES NO GRAINS, AS THEY ARE CARNIVORES. THEIR NUTRITION IS BASED ON ANIMAL PROTEINS FROM FRESH MEAT OR FRESH FISH.

URINARY TURKEY HERRING

MOJAVE YUCCA - LESPEDEZA - CRANBERRY

Primordial Grain-Free Urinary Turkey and Herring, is a complete highly digestible, grain-free food, rich in protein and essential high biological value amino acids from meat; the quantity of vegetable protein has been reduced as these can lead to kidney problems over time. Turkey meat, strictly from ground-raised animals, is very tasty and has easy-to-digest proteins. Herrings provide complete proteins and are a rich source of Omega 3 fatty acids, which perform an important cosmetic action on skin and hair and highly beneficial for the cardiovascular system (heart and arteries). Fruit and vegetables, rich in vitamins and phytonutrients; Lespedeza with beneficial effects on the urinary tract, cranberry with antioxidant action, and low content of some minerals that can lead to the formation of kidney stones, to give this meal the perfect balance of taste and nutrients, a true holistic product that reduces the risk of kidney problems.

Complete food for adult cats. Composition: fresh turkey meat (35%), peas starch, dehydrated herring flour (12%), potatoes, dehydrated chicken meat (9%), turkey and chicken fat, dehydrated pork meat (5%), broad beans, dried beet pulp, linseed (2%), liver hydrolysate, yeast, seaweed flour (0.24%), yeast products (MOS 0.16%), Mojave Yucca (0.033%), Lespedeza Capitata concentrate (Lespediza capitata Mich.)
